Melbourne, VIC | +61 426 081 504 | rautsushmeeta@gmail.com | Full Australian Work Rights

Professional Summary

Compassionate and reliable Personal Care Assistant with Australian aged care experience and an overseas nursing background. Experienced in maintaining high standards of infection control, resident safety, personal support, and respectful communication. Certificate III in Individual Support qualified and committed to delivering person-centred care that promotes dignity, independence, and wellbeing.

Work Experience

Cleaner (Aged Care Facility) – Cirka Pty Ltd – South Yarra, VIC – Sept 2025 to Present

- Worked within aged care environments, including **Jewish Care** and **TLC Healthcare** facilities, maintaining high standards of cleanliness, infection control, and resident safety.
- Performed infection prevention and control cleaning in resident rooms, bathrooms, kitchens, and communal areas.
- Supported resident wellbeing by maintaining safe, comfortable, and hygienic living environments in accordance with aged care standards.
- Developed positive and respectful relationships with elderly residents while maintaining privacy, dignity, and confidentiality.
- Worked collaboratively with care staff and team members to maintain high care and safety standards.
- Demonstrated professionalism, compassion, and respectful communication when interacting with residents and staff.

Nurse – Indira IVF Centre – Kathmandu, Nepal – Dec 2024 to Apr 2025

- Assisted patients with personal care, mobility, comfort, and emotional support during treatments.
- Maintained strict infection prevention and control standards to ensure patient safety.
- Monitored patient wellbeing and responded professionally to individual care needs.
- Communicated respectfully with patients and families while maintaining dignity and confidentiality.
- Collaborated with healthcare professionals to deliver high-quality person-centred care.
- Maintained accurate documentation and followed workplace health and safety procedures.

Nurse – Metro Hospital – Kathmandu, Nepal – Apr 2023 to Dec 2024

- Delivered compassionate and person-centred care to patients in a clinical environment.
- Assisted with daily patient support, hygiene, comfort, and wellbeing.
- Followed strict hygiene and infection control procedures within patient care areas.

- Educated and communicated effectively with patients regarding health, nutrition, and lifestyle guidance.
- Maintained a clean, safe, and organised care environment according to professional healthcare standards.
- Worked collaboratively within multidisciplinary healthcare teams to support patient outcomes.
